

INSPIRATION FOR THE NEXT GENERATION

A place to inspire the next generation in Gloucestershire, Herefordshire and Worcestershire.

In a fun and relaxed environment, students are encouraged to start thinking ahead to their options once leaving secondary school.

All students will have a fantastic opportunity to gather comprehensive information on a wide range of the industries and careers available in the Three Counties.

Exhibitors are strongly encouraged to offer interactive activities to engage students.

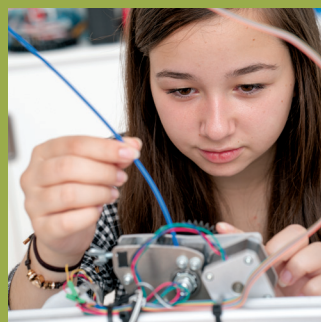

Careers related workshops will be available throughout the day.

Universities and Colleges

Opportunities for students to learn about the courses available from universities, higher education institutions and colleges.

Organisations

We will be joined by a variety of businesses and public service organisations who offer apprenticeships or courses, aimed directly at school leavers. This will be the perfect opportunity to speak to employers and make valuable contacts for the future.

Free to participate, transport bursaries available (T&Cs apply).

Three Counties registered charity no. 511868

CAREERS FAIR

Thursday 19 January 2023

Three Counties Showground,
Malvern, WR13 6NW
